

Rat Serum with 0.09% Azide

Cat.# C13SB

Description: RAT SERUM WITH 0.09% AZIDE
Name: RAT SERUM
Format: Serum
Product Type: Serum & Cells
Quantity: 10 ml

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peerreviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit.

	Yes	No	Not Determined	Suggested Dilution
Immunoassay	■			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Product Form Whole serum liquid

Preparation Normal rat serum

Preservative Stabilisers 0.09% Sodium Azide

Storage

Store at +4oC or at 20oC if preferred.
This product should be stored undiluted.

Storage in frostfree freezers is not recommended. Avoid repeated freezing and thawing as this may denature the protein. Should this product contain a precipitate we recommend microcentrifugation before use.

Shelf Life

18 months from date of despatch.

Health And Safety Information

Material Safety Datasheet Documentation #10238

Regulatory

For research purposes only
